## **ARIZONA YOUTH SURVEY**

Thank you for accepting the invitation to participate in this study. The questions contained in this booklet are designed to obtain your opinion about a number of things concerning you, your friends, your family, your neighborhood and your community. In a sense, many of your answers will count as "votes" on a wide range of important issues.

In order for this study to be helpful, it is important that you answer each question as thoughtfully and honestly as possible. All of your answers will be kept strictly confidential and will never be seen by anyone at your school. This study is completely voluntary so you may skip any question that you do not wish to answer.

Be sure to read the instructions below before you begin to answer. Thank you very much for being an important part of this project.

## **INSTRUCTIONS**

- 1. This is not a test, so there are no right or wrong answer.
- 2. All of the questions should be answered by marking one of the answer spaces. If you do not find an answer that fits exactly, use the one that comes closest. If any question does not apply to you, or you are not sure of what it means, just leave it blank.
- 3. Your answers will be read automatically by a machine called an optical mark reader. Please follow these directions carefully:
  - Use a No. 2 pencil.
  - Make heavy black marks inside the ovals.
  - Erase cleanly any answer you wish to change.
  - Make no other markings on the survey pages, since they interfere with the automatic reading.
  - Do NOT write your name anywhere on this booklet.

# This kind of mark will work: Correct Mark These kinds of marks will NOT work: Incorrect Marks

## **DEMOGRAPHICS AND SCHOOL CLIMATE**

The following numbers will be provided to you by the person administering this survey. Please write the numbers in the space provided and then darken the ovals corresponding to those numbers.
