TASK FORCE MEETING AGENDA

PHOENIX, ARIZONA

JANUARY 14, 2020

OVERALL ARIZONA NICS IMPROVEMENT ACT PURPOSE STATEMENT

On January 8, 2011, a horrific act of violence committed in Tucson left six people dead and 14 injured, including former United States Representatives Gabrielle Giffords and Ron Barber. The shooter suffering from mental health and substance abuse issues exhibited observable behaviors prior to the shooting. Arizona stakeholders, led by the Arizona Criminal Justice Commission (ACJC), had been working to address the issue of improving records submitted to the National Instant Criminal Background Check System (NICS), and this horrific event was a catalyst for Arizona policy makers to dedicate additional attention to the improvement to mental health and criminal history information reporting to NICS.

In March 2013, the Arizona NICS Task Force published the Arizona NICS Act Reporting Improvement Plan with a total of 30 Recommendations. Since the release, nine additional recommendations were provided by the Commission and have been adopted by the Task Force. Action Steps and Performance Measures have been developed to ensure continued progress on all NICS Categories, specifically focused on legislation, executive policy and court rule changes to improve criminal history and enhanced reporting to NICS.

GOALS

1. Update the Order of Protection Implementation project.
2. Update the status of the Conditions of Release Project.
3. Update existing projects on E-Warrants, Mobile Fingerprinting, and Juvenile Felony Delinquency to NICS.
4. Discuss CCW and FFL point-of-sale transactions legislation.
5. Discuss Mental Health Legislation changes and impact on NICS.
6. Review Revised NARIP, Action Steps and Performance Measures.
