

## Arizona Criminal Justice Commission

### TECHNICAL BULLETIN

---

**To:** All ACJC sub grantees

**Date:** November 20, 2009

**Subject:** Association of Community Organizations for Reform Now (ACORN)

In a request from members of Congress, the Department of Justice, Office Justice Programs (OJP) has been asked to gather information concerning instances in which, in the past, federal funds through OJP may have been provided to Association of Community Organizations for Reform Now (ACORN).

All prior grant recipients and sub recipients have been requested to carefully examine all grant and cooperative agreement records closed within the past three federal fiscal years to determine whether, as part of the activities under the grant(s), contracts or subcontracts were entered into with ACORN or any of its affiliates, subsidiaries or allied organizations.

If you are aware of any contract or subcontract made through your sub grant, please send an e-mail notification to [dcadmin@azcjc.gov](mailto:dcadmin@azcjc.gov). This e-mail should provide the ACJC grant number, the name of the ACORN affiliate, subsidiary or allied organization, the nature of the contract or subcontract and the amount of funding paid out under the contract.

Please contact your ACJC grant coordinator if you have questions or need assistance.
