Session Summary

The first regular session of the 52nd Arizona State Legislature ran 81 days with sine die being called at 3:37 AM on April 3, 2015. There were 1,163 bills posted, with 344 bills passing through both the Senate and the House. Of those 344 bills transmitted to the Governor, 324 bills were signed into law and 20 were vetoed. The Arizona Criminal Justice Commission (ACJC) tracked more than 150 bills that affected the criminal justice system. New state laws take effect July 3, 2015 unless otherwise noted in the legislation.

ACJC criminal justice issues in 2015

The Arizona Criminal Justice Commission had two legislative priorities for the 2015 legislative session. ACJC worked with the Senate Public Safety, Military, & Technology Committee Chairman Senator Steve Smith to introduce SB1295, ACJC's fingerprinting bill, and Senate Government Committee Chairman Senator John Kavanagh to introduce SB1373, ACJC's NICS expansion bill. SB1295 and SB1373 were both approved for support by the ACJC commission at their November 13, 2014 meeting.

Overview of SB1295

Enhances public safety by ensuring that everyone that is arrested and convicted has an accurate criminal history created for the offense. Specifically, SB1295 will enhance public safety by:

- Requiring the court at the time of sentencing for certain offenses to permanently affix a defendant's fingerprint to the sentence document or minute order, or record the defendant's two-fingerprint biometric-based identifier in the case file.
- It also requires that if the booking agency cannot determine whether legible ten-print fingerprints were taken from the arrestee the booking agency shall take the ten-print fingerprint.

Overview of SB1373

Enhances law enforcement officer and public safety by ensuring that Arizona's law enforcement officers have the most complete information possible when dealing with individuals with serious mental health as determined by the court. Specifically, SB1373 will enhance law enforcement officer and public safety by:

- For the purpose of enforcing a court order, assisting in an investigation, or returning property authorizes the Department of Public Safety to provide a law enforcement agency with access to case information it received from the Supreme Court pursuant to Sections 12-609, 14-5304, 36-540.
- Provides law enforcement officers on the street a limited notification indicator of these court rulings.

Summary Report of ACJC-tracked Legislation

The following pages provide brief summaries of the legislation that ACJC tracked over the first session of the 52nd Arizona State Legislature. This includes bills that were signed into law, bills that failed to pass the state legislature, and bills that were vetoed by the Governor. The summaries include the status of the bill, the ARS title affected, and the bill original sponsor(s). **Please note:** bills that are amended during the process may not be supported by the original sponsor. This is particularly true with striker bills in which all original language is stricken from the proposed bill and new language is inserted. Often, the new language has nothing to do with the original intent of the bill. Summary information in this report was gathered from the Arizona Legislative Information Services (ALIS) online (www.azleg.gov). Any questions regarding this report should be directed to Andrew Lefevre, ACJC Public Information Officer/Legislative Liaison, at alefevre@azcjc.gov or at (602) 364-1156.
